We'll visit couple of the most important monasteries (UNESCO sites):

First stop will be at: **Vornet Monastery**, founded in 1488 by Stephen the Great . It is the most accomplished sample of artistic achievement in Moldavian architecture and painting. The doors of the porch have a Renaissance framing, whereas the stone carvings of the broken arches at the doors and windows belong to the Gothic style.

Enjoy the afternoon in Voronet village area. Enjoy a ride in **horse driven wagon**.

Dinner and overnight at Casa Elena Hotel, 3 stars or similar.

Day 2_Sunday, July 7th, Discover Bucovina

We'll continue to discover Bucovina, visiting two other monasteries:

Moldovita monastery (**UNESCO**): dates back from 1532 and is due to the ruling prince Petru Rares.

It has the aspect of a fortress, with imposing towers and high, thick walls. The church has a three-cusped plan, as well as an open porch. It is decorated with scenes from the 16th c Moldavian life. You can see here the best preserved frescoes, with fresh and vivid colors.

Sucevita: the last and the most magnificent monastic achievement among the painted monasteries in Bucovina, looks as a real fortress, with towers, buttresses and watch roads. Built in 1581, by one bishop, it was dedicated to the Assumption in 1584. Paintings of the Sucevita monastery were best preserved both on the outside and on the inside (Ladder of Virtue, the last Judgment, the tree of Jesse)

Beside the old and beautiful monasteries we'll also dedicate some time to visit local craftsmen as: a **painted eggs museum and workshop**, **Marginea pottery center**, also.

Dinner and overnight at Casa Elena Hotel, 3 stars or similar.
