

# Climate Justice Revolution

FIGHTING FOR OUR FUTURE

## FINAL REPORT 2019-2020

### INTRODUCTION

Climate Justice Revolution has worked hard over the past few months to achieve our goals for the Global Goals Competition with students working tirelessly to bring about change. Despite many challenges that 2020 has brought about, we have managed to persevere from home and bring about change at our school.

Our project aimed to make as much of an impact at our school, Worle Community School - An Academy (WCSA), as possible and we believe with the current circumstances we've managed to achieve that.

*“The changes the members of CJR are making to Worle Community School with the sole ambition of making it a greener school are inspirational. They’ve drastically reduced the paper and plastic usage in the school and are helping to teach other pupils how to look after our world. I support all the work they are doing and I know many of my peers back the team and their work too”.*

*Olivia Finch, WCSA Student and Editor of The Post*

*CJR is an exceptional organisation, full of enthusiasm and drive to help save the planet. Every student in CJR deserves the highest commendation for their work*

*Shane Dean - Founder of the Good News Post and Editor-in-Chief of the Jill Dando News Centre*

### THE GOALS

<b>7</b> AFFORDABLE AND CLEAN ENERGY 	<b>11</b> SUSTAINABLE CITIES AND COMMUNITIES 
<b>13</b> CLIMATE ACTION 	<b>14</b> LIFE BELOW WATER 
<b>15</b> LIFE ON LAND 	

### THE TEAM

- Jack Clark - Team Leader
- Hannah Morris - Communications
- Ashleigh Radford - Researcher
- Alyssa Townsend - Finance
- Luke Lenihan - Plastic-free
- Jasmyn Rogers - Sustainability
- Eriks Pimonovs - Plastic-free

### OUR OBJECTIVES

- Objective 1:**  
To reduce WCSA's carbon footprint.
- Objective 2:**  
Increase climate awareness throughout the curriculum.
- Objective 3:**  
Spread our work across The Priory Learning Trust (TPLT) which will allow us to instil important life lessons in students from a young age.

### THANK YOU TO:

- Miss J Scott - WCSA Principal
- Mrs T Humphris - PA to Principal
- Mr S Dean - Editor in Chief at the Jill Dando News Centre
- Miss H Symes - Teacher of Maths
- Olivia Finch - Student Journalist
- Mrs M Leonard - Teacher of Science & CJR Supervisor
- Mr N Coles - Executive Principal of TPLT
- All Students of WCSA

## SKILLS WE'VE LEARNT

- How to work as a team
- Expressing our thoughts
- Planning
- Public speaking

## WE INTEND TO STAY

Over the next academic year, the majority of our team will be moving in to their final year at WCSA.

During that year, the year 11s will be training our younger members to take over when we leave.

CJR has no intention of finishing and we all want the team to make as much impact as possible.

## SUMMARY

Despite the obvious obstacles such as school closures, the CJR team has worked hard to make change at WCSA.

Thanks to our very flexible plan for the future, we've been able to continue working from home and making change.

The goals competition has given us a chance to see what change we are capable of and we intend to continue this work.

“

*CJR has made a huge impact on life at WCSA. Students and staff alike have had a real wake up call to save our planet before it's too late. We are lucky to have such a dedicated team of passionate students who never miss an opportunity to prioritise what's best for the environment.*

*Jacqui Scott - WCSA Principal*

## OBJECTIVE 1

Objective 1 was to reduce WCSA's carbon footprint.

Over the last few months we've put in place new recycling schemes across WCSA including crisp packet and stationery recycling. We've made sure that once school resumes these schemes will be spread across the school making it easier for students to recycle.

CJR has also worked with the school's business manager to promote sustainable travel at WCSA. After winning the Modeshift STARS bronze award for sustainable travel, we've worked hard to promote sustainable travel. CJR used the school's student brief to advertise the use of sustainable modes of transport such as bikes or walking.

## OBJECTIVE 2

Objective 2 was to increase climate awareness throughout the curriculum.

We've held meetings with WCSA's Senior Leadership Team (SLT) to discuss how we can promote climate issues in the school's curriculum. Although this is challenging we continue to encourage different subjects to involve environmental issues.

The CJR team have presented a total of eight assemblies to years 7-10. These assemblies discussed our goals, the competition and how students can get involved. Through this we've gained a number of team members and it has helped to involve the environment in many school discussions.

## OBJECTIVE 3

Objective 3 was to spread our work across TPLT.

We've worked with the Jill Dando News Centre (JDNC), a youth lead news group based across The Priory Learning Trust, to spread our message. CJR has appeared in their newspaper 'The Post' which is available in schools throughout North Somerset and appeared on The Good News Post website which news from schools across the world.

CJR has also produced a newsletter to detail our own accomplishments, bring to light climate news and introduce campaigns. This newsletter is available on our social medias, website and on WCSA's website. We're working to spread this across our trust via email.
