

## The Power of the Flock

The power of the flock is that we can create magic by working towards a common goal  
We can all be powerful but we are even more powerful together  
We are like a flock of birds; flying towards the same goal.

Lifts us up and be our best  
is endless and the bond is unbreakable  
when you work hard you succeed and when you don't work hard you don't succeed but to succeed  
learn from your mistakes  
Team work makes the dream work.

The power of the Flock, to reach that common goal  
Bonding keeps us together to the destination  
We may not have everything all together, but together we can have it all  
Two is stronger than one; three is even stronger than two.

Collaboration and communication brings us all together  
We must all be in 1 perfect harmony to reach our goals  
We hear each other and have each others back to support each other  
We stick together like one feather.

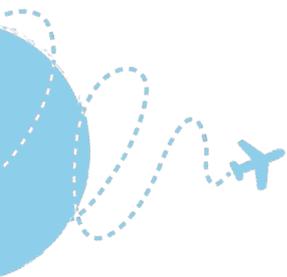

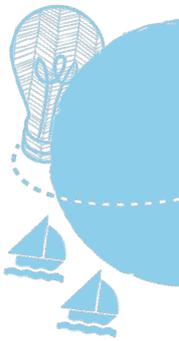

Many individuals create super power  
Never give up on your goals  
Two heads are better than one, it takes two to tango  
Each of us will contribute something to our flock  
Just like a flock, we soar higher with each other  
Doing things together makes the outcome better.

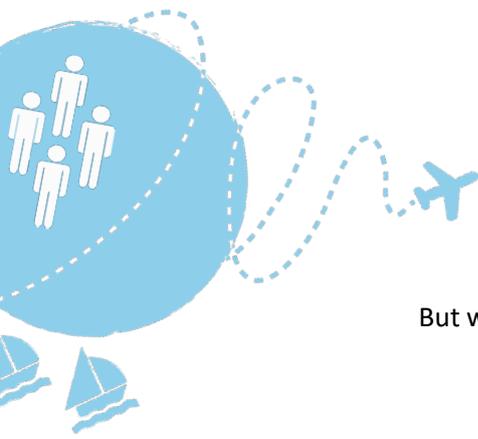

When we face a challenge, just like a flock of birds, we spread through the flock in a wave  
Fly high and carry one goal  
Together, as one entity  
The power of teamwork can achieve beyond  
Stick together no matter what.

The power of the flock is everything that we needed to succeed  
Teamwork and friendship is what makes us soar  
Fly like a flock don't look at the back  
Flying together, towards the same goal.

Small steps lead to success  
Each of us will continue as a flock making bigger goals and solving bigger goals  
By ourselves, we are an individual  
Together, we have the ability to be powerful.

Love everybody!  
Love is so important and love will make everything better  
Share your ideas with love and passion  
We all are a part of one team, we make each other stronger.

One person is an individual, two is a pair  
But when you work together, it's a team that can't be defeated.  
Stick together and stay in the flock!  
Kindness is a strength  
Everythings better with friends around you  
Compassionate enough to discipline.

Together shapes our direction everywhere  
Flying in unity we are the flock  
Is better than individual  
Fly up toward to reward  
You are better together

We are one when were together  
We are one...  
Believe in yourself and others  
Fly high for you dreams  
Be happy  
Like a flock, we need to fight and say good luck
