

GLOBAL GOALS COMPETITION TEACHER CHECKLIST

This is an overview of the competition containing key dates and milestones, to support you to keep your teams on track with their projects.

KEY DATES

15th September 2021	Team and individual student registration opens. Teams must have between 3-7 members
31st January 2022	Deadline for submitting projects for feedback from GSL team (this step is optional but recommended)
1st April – 1st May 2022	Final submissions due (projects submitted beyond 1 st May will not be accepted)
18th May 2022	First round of Judging begins
1st June 2022	Final round of Judging begins
18th June 2022	Winners announced

ACTION POINTS

Support the team by helping them complete registration and advise them on merits of project idea
Encourage the team(s) to meet on a weekly basis and assign team roles
Encourage the team(s) to collect photos, videos, testimonials etc. to document their journey as well as incorporating methods to measure impact such as surveys, testimonials, data etc.
Discuss the teams Project Update Report and confirm your approval before they submit using the online form
If teams wish to obtain project feedback from the GSL team, ensure they provide as much detail as possible in the Project Update Report
The requirements for the final project submission that will be judged by our panel of external judges are to submit a) 2-page written report and b) a 3 min digital submission (teams must NOT exceed the 3 min limit)
The written report should set out the knowledge gained, individual learning and impact of the project. We strongly encourage making the report visually appealing with images and graphics
Similarly, we encourage teams to be as creative as possible when compiling the digital submission - this can be a YouTube video or Prezi presentation or similar. Clear visuals and high audio quality are important
