

Education is becoming a bigger issue day by day, affecting million around the globe. We aim to do our best to reduce the lack of education in the area and provide decent education to individuals like us around the world. Education is important in everyone's life, it like the key to life; education helps us build social responsibility, critical thinking skills, economic knowledge, ability for entrepreneur that influences accomplishment in existence. When I go somewhere I see millions of kids sitting on the road begging for money and determine to learn. Our group wants to stop that. Many individuals suffer in life, why? Its education, education is a fundamental in someone's life. It helps us understand how the world works around us and it help us gain another outlook of life and helps.

Educate 2 Employ

We have collectively come together to solve the issue of Education and Employment

Educate   2
Employ

We are hopeful that the momentum that we have built will carry forward on a sustained basis and that we are able to make a lasting difference to the lives of the underprivileged but deeply deserving people.

Donations

We achieved a cooperation with the NGO, 'Madhurim Jan Sahyog Foundation' on the road to dispensing superiority education to all.

We raised wealth through fundraisers and sessions to contribute books and stationary resources to individuals who were denied the right to education.

Alongside that We concocted a bench endowment, contributing out beyond 100 tables and chairs to Sehatpur Government Senior Secondary School Faridabad.

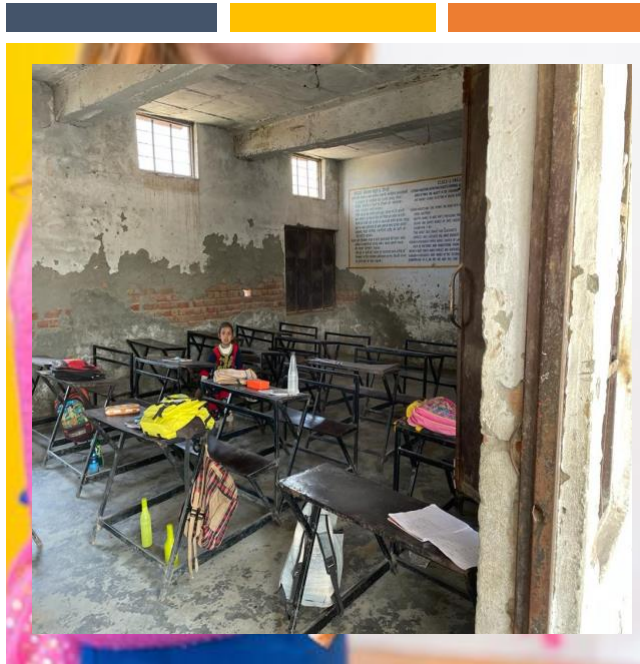

Open Classroom

We equip with an assemblage of children residing in the construction segment of our humanity with minimized civil liberties to education and sanitary living.

We started by teaching some basic math and English along with essentials of living

Mentoring Session

Our action aspires to employ the masses. We are conducting mentoring session for underprivileged. We have chartered counsellors from all over our regional audience to come and assist us. We are amassing fundamental details of recruit youngsters who have graduated 12th standard to have conferences with the counsellors. The counsellors will aid them to get a career and endure a livelihood

“One child, One Book, One Teacher can Change the World”

“Swamaan” Website

We fabricated a website entitled as “Swamaan”; which exemplifies a “Self-Respect”. Our action ministered on the road to stipulating adequate education to the young learners out there. Headed for rewarding our objective, we put together small enlightening depicts illustrating certain notions to be taught in fields such as mathematics and language arts, that were then quantified grade wise

Teaching Ballet in a Government School

We commenced coaching youngsters in government schools' ballet as an extracurricular alongside with numerous academic disciplines
