

WOMinfinity

EDUCATE. EMPOWER. INSPIRE.

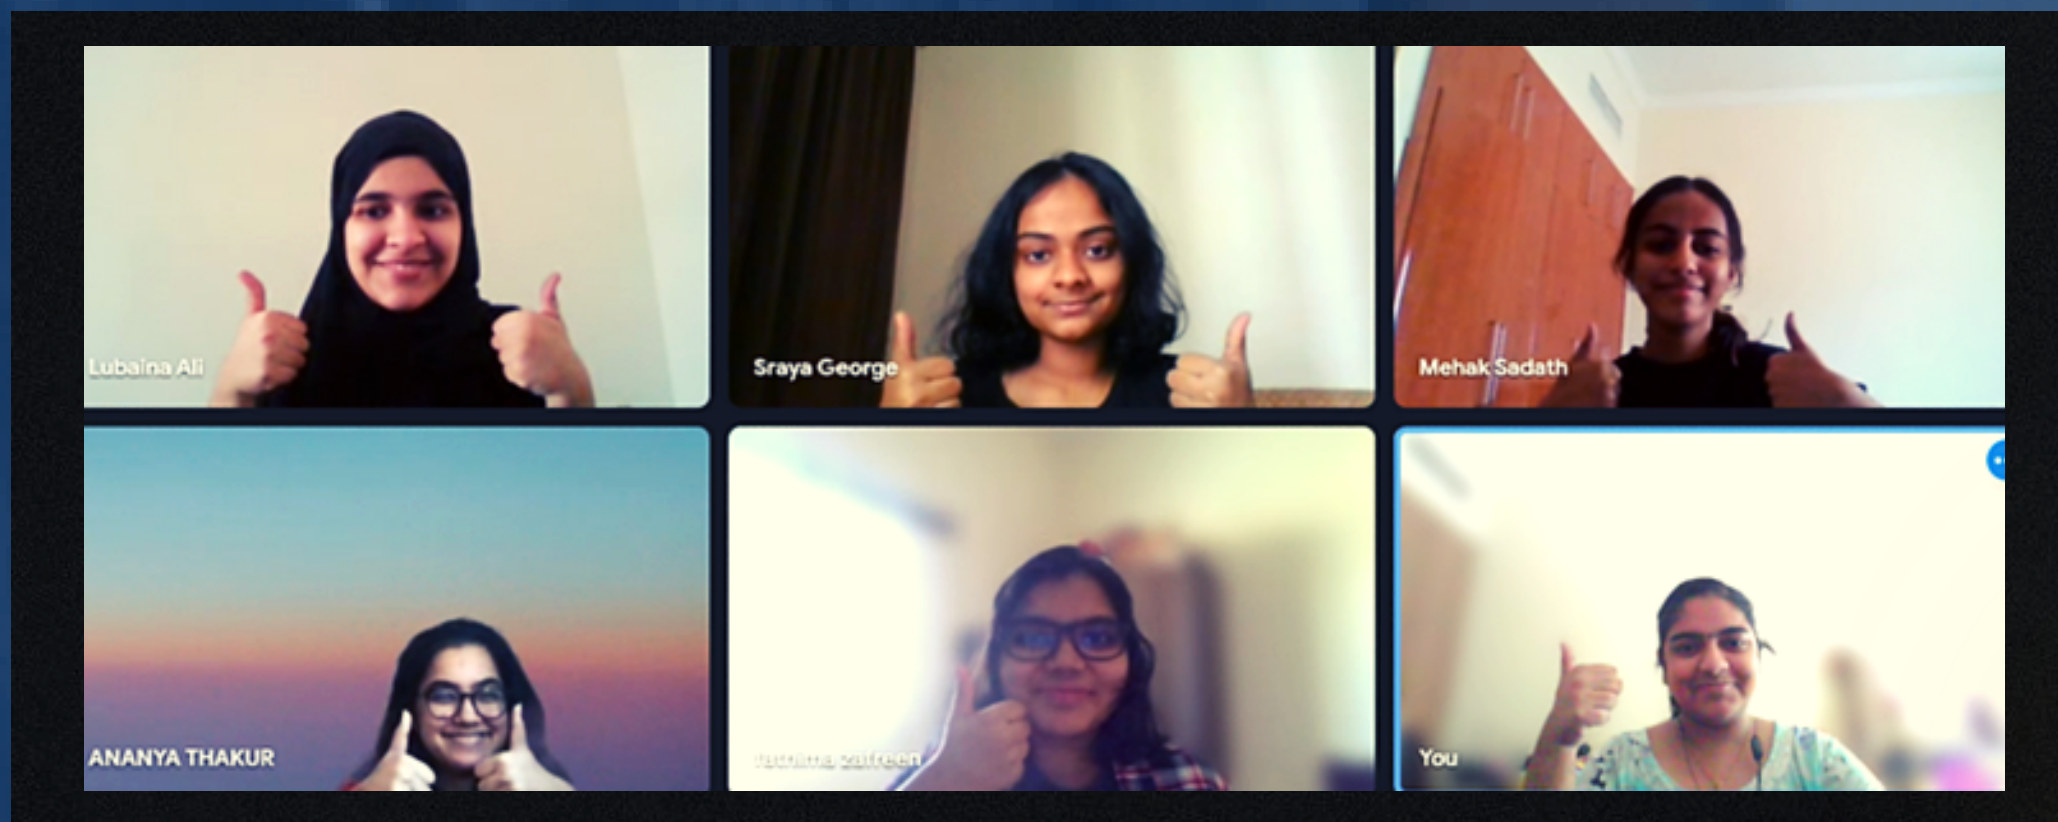

WOMinfinity is a project led by women, for women that aims to contribute to the education and progress of young girls in different fields of expertise through exciting courses, delivered by industry experts, which equip them with vital 21st-century skill sets. In addition to the comprehensive webinars, WOMinfinity provides learners access to credible resources that focus on essential 21st-century skills like communication, programming, personal finance, human rights, science, technology, etc.

Gender Inequality in Education

1. Poverty, child marriage and gender-based violence leads to gender inequality.
2. Poor families often favor boys when investing in education.
3. In some places, schools do not meet the safety, hygiene or sanitation needs of girls.
4. Teaching practices are not gender-responsive and result in gender gaps in learning and skills development.

Testimonials

"The workshop was really informative as it reflected upon some of the very important yet often neglected topics. The speaker was really open minded and imparted a lot of exciting knowledge related to child rights. I would like to thank WOMinfinity for conducting this session."
